Off-campus login to IHSUK databases

These instructions apply to the following IHSUK databases:

Environmental Management
Food and Drink Safety
Construction Information Service
Occupational Health & Safety Service
Specify-it
Engineer-it

Occasionally, you will be challenged to identify yourself as an Ulster University user through the OpenAthens service.

If you see the screen below:
1. Select University of Ulster from the drop-down list
2. Tick the box to select “Always login via this organization”
3. Click Login

This should enable you to proceed to the IHS dashboard. From here you can select the relevant database using the View Product option.
