Finding books and eBooks
Use the Library Catalogue to find shelfmarks for books and to link out to eBooks.

Books are shelved by subject, and each subject has a shelfmark. The table below shows some of the main shelfmarks for Life and Health Sciences subjects.

Loan periods
Standard (two month) loan, two week loan and two day loan books are held on the open Library shelves.

Journals
Journals (also known as magazines, serials or periodicals) are published regularly and will help you keep up-to-date in your subject area.

Most journals are available electronically. Use the Electronic Journals link to search for an eJournal title.

Only use this link if you already have a journal reference and want to check if you can access the full text or if you just want to browse through the journal collection. Use Library Databases or USearch to find journal articles on your chosen topic.

Some print journals are held in the University Library. Use the Library Catalogue to find the shelfmark and locate the journal on the shelves.

Reading lists
Use our online Reading Lists catalogue to search for your recommended reading and link out to book details in the Library Catalogue, eJournal articles, eBooks and websites.

Life and Health Sciences subject guides
These guides bring together information from a range of print and electronic Library resources on your subject. We strongly recommend you take a look. guides.library.ulster.ac.uk/lhs

Getting books and articles from other libraries
All requests for books held across the campus Libraries should be made online via the “Reserve this item” link on the Library Catalogue. If a book or journal article is not held in the Library, you may request it using our online Document Delivery Service. More details at ulster.ac.uk/library/services/document-delivery

Referencing and citing
All of your assignments and research must be cited and referenced correctly. Find out more about referencing at guides.library.ulster.ac.uk/lhsharvard (covers the LHS Harvard and APA styles) and look out for the Library’s “How to Reference” workshops held throughout the year.

RefWorks
Library staff also run regular classes on how to use RefWorks which allows you to store all your references online and create a bibliography. Classes are advertised through the Library’s webpages. For more information see our RefWorks guide at guides.library.ulster.ac.uk/refworks

Usernames and passwords
At the OpenAthens login screen enter Ulster in the Find Your Organisation search box. Click on the Ulster University link. Next enter your Ulster University email address and Ulster University network password.

Library EDGE activity
Open to both full-time and part-time undergraduates, the Library EDGE activity “Developing Lifelong Information Literacy Skills” contributes to the University’s EDGE award. Ask one of the subject librarians for more information.

Keeping up-to-date
Keep an eye on changes, updates, database issues or new services, via the Library’s Twitter account and blogs: ulster.ac.uk/library/about/blogs
